

# 501 Queen

## April 30, 2000 Service Changes

### Route change - Temporary route change

A project to rebuild the track near Long Branch Loop will require that streetcars be removed from the 501 Queen and 508 Lake Shore routes, west of Kipling Avenue, for approximately three weeks in May. When this is necessary, streetcars will be turned back east at Kipling Loop, and a replacement bus service will be operated between Long Branch Loop and Kipling Avenue.

### Schedule change - Seasonal service change

Service will be changed during the daytime on Saturdays, Sundays, and holidays, to improve reliability. There is heavy vehicular congestion in the Beach on weekends and holidays during the summer, and this has resulted in the past in unreliable operation. In anticipation of this congestion, the streetcar service on 501 Queen will be adjusted on Saturdays, Sundays, and holidays to give additional running time over the section east of Kingston Road, between 10:00 a.m. and 8:00 p.m. On both days, the scheduled time between streetcars will be reduced slightly.

## Service Summary

- 501 ⇄ Long Branch - Neville Park
- 501 ⇄ Humber - Neville Park

**Route 501 QUEEN service operates daily from approximately 4:57 a.m. till 12:45 a.m. and runs every 12 minutes or better.**

### Need TTC Maps & Information?

393-INFO

www.ttc.ca

- This map available at:
- Internet: [www.ttc.ca](http://www.ttc.ca), click Routes & Schedules, select your route.
