# Construction Notice

## Dorval Road Closure

### Keele Yard Retrofit and Structural Rehabilitation

**Start Date: August 2014**

**End Date: Spring 2015**

\* Timelines are subject to change.

#### Work Description and Purpose

Dorval Road will be closed between Edna Avenue and Bloor Street West for construction at the Keele Yard. The closure will be in effect for approximately 8 months to complete this work which includes waterproofing a portion of the yard infrastructure. Work will also include relining the water main and cleaning the storm sewer below the concrete laneway. This work is required to provide fire sprinklers to the storage tracks. The Dorval Community Garden and the parking lot will be fully reinstated on completion of the project.

#### Traffic and Parking Details

Thoroughfare vehicular access will be restricted on Dorval Road between Edna Ave and Bloor Street. Pedestrian access through this area will be maintained at all times with the exception of four weeks while the temporary pedestrian walkway is built and the waterproofing work is completed.

Full access through the laneway will be interrupted for approximately three weeks during this period. Further details will follow to those property owners/businesses who may be impacted.

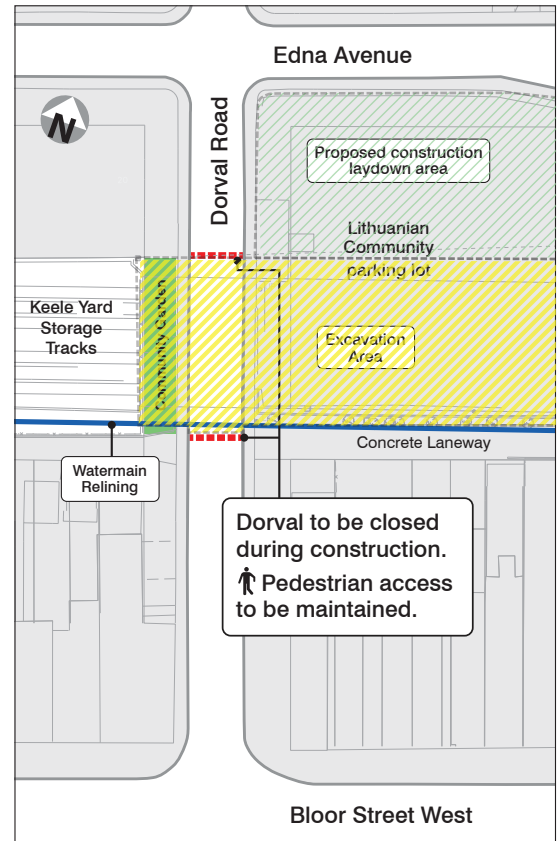

#### TTC Service Changes

Transit service will not be impacted during this work.
