No more waiting, no more wondering --

TTC's TimeLine tells you when your bus or streetcar is coming

Every TTC bus and streetcar stop is marked with its own individual telephone number. Jot down the numbers of the stops you use regularly and keep them handy near your phone. Or call 393-INFO to get the TimeLine number of the stop you want to use. Then just before you leave, call the TimeLine number for the stop you are planning to use. The computer voice will provide you with the scheduled arrival time of the next two or three transit vehicles. TimeLine works 24 hours a day, 7 days a week. Use it every time you plan to take the TTC.
